**Duration: [15th May 2025 – 15th
September 2025]**

About MAVIP

Founded: 2020 | Presence: USA, UAE, India, KSA, Kenya

Vision: Be a global leader in innovative B2B services

Mission: Revolutionize marketing & business services via tech-driven solutions

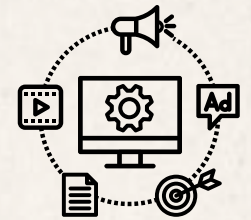

Leadership:

- Pratyush Shastri – CEO & Founder
- Aman Fazal Khan – Sales Director
- Anshul Gupta – Operations Director
- Vikram Dhangar – Director (Tech Solutions)

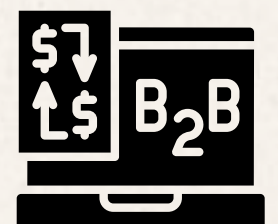

Key Business Areas

- Integrated Marketing: Branding, digital campaigns, SEO, lead generation (Clients: Microsoft, AWS, Huawei, Dell EMC)
- Technology Solutions: Proprietary MarTech platforms (Grid, Frontlyn, Ringr)
- HR & Sales Enablement: Recruitment outsourcing, CRM & sales optimization
- Customer Experience: UI/UX, design thinking, feedback integration

Positioning & Strategy

- Premium, agile, tech-enabled B2B partner vs. traditional consultancies
- Focus on digital CX and B2B MarTech
- **Business model:** Project-based & retainer contracts
- **Competitors:**
 - NEXA (Inbound Marketing)
 - Chain Reaction (Performance Marketing)
 - Tonic International (Full Service Agency)
 - Cvent (MICE and B2B Corporate Events)

Project Problem statement	Problem statement by the CEO: “<i>There are too many disconnected solutions and platforms for startups. Build a curated ecosystem that solves real founder pain – cost, visibility, and access.</i>”
Market Research and Problem Identification	Fragmented Access 78% Founders waste time juggling fragmented tools, services, and vendors. High Burn on Tools & Ops ₹3.5–4.2L Spent by startups in a year on underutilized tools, especially in the UAE and India. Access Gaps in Visibility & Connects >70% seed-stage startups struggle to access events, investors, or retail channels
Project Solution 	quotnt by MAVIP A premium public platform for founders, startup teams, and business builders – providing exclusive perks, strategic growth support, and unmatched access to people, capital, and visibility.
Contribution 	Strategic Design - Defined core messaging and positioning of quotnt. - Built a complete stakeholder map GTM & Growth Services - Drafted complete content library. - Defined complete offerings UI/UX & Product Design - Wireframed and designed the MVP portal, dashboards, logic and landing website Platform Architecture & Development - Designed platform logic and development - Created data models for major stakeholders. Marketing & Content - Created campaigns. - Scripted pitches, decks, and one-pagers.

Strategic Decision - Market research and Competitor analysis

Insights from the quotnt research report for stakeholder

Providers (SaaS & Services)

- SaaS adoption in startups grows 20%+ YoY in GCC & India.
- Providers struggle with CAC efficiency: acquiring SMEs/startups costs 30–50% higher than enterprise clients (Bain SaaS Report, 2022).
- Services most valued by startups:
 - Cloud (AWS, Azure, GCP)
 - Productivity (Notion, Slack, Zoom, Figma)
 - CRM/Marketing (HubSpot, Salesforce)
 - Legal/Accounting bundles

Founders (Users)

- The primary beneficiaries.
- Founders’ biggest pain points:
 - High burn: Early-stage startups spend ₹3.5–4.2L annually on tools
 - Access gap: 70% of seed-stage founders in emerging ecosystems lack access to investors, distributors, or ecosystem events.
 - Loneliness: McKinsey (2023) calls founder isolation a “silent killer of execution.”|
- They need: perks, credibility, distribution, visibility.

Ecosystem Partners (Agencies, Banks, Govt Bodies)

- Banks in UAE/KSA are rolling out startup-focused SME accounts & credit lines.
- Govt accelerators (Dubai Future Foundation, Hub71, Saudi Monsha’at) want visibility into verified founder ecosystems.

Distributors

- Startups face bottlenecks in offline scale: UAE’s retail market (\$55B, 2023) is dominated by distributor networks.
- Verified distribution partners accelerate time-to-market by 40% (Deloitte GCC FMCG Report, 2022).

Insights from the quotnt research report for Competitor analysis

Platform	Region	Primary Model	Gaps	Unique Value
Ignyte	UAE	Offline Events & Community	No unified platform, no digital workflows	Strong event presence, lacks scale
Founders Card	US	Lifestyle & Perks Membership	US-centric, lacks growth/funding elements	Global perks, no regional relevance
quotnt	UAE + India + SEA	Founder-First Growth Ecosystem	None - fills whitespace in Asia/GCC	Multi-stakeholder GTM, perks, visibility, capital

Investors

- In 2023, UAE startups raised \$1.2B+, but 65% of deals went to repeat founders (MAGNiTT, 2023).
- Early-stage, first-time founders lack visibility.
- Investors want: curated dealflow, trust signals, and early access before crowded funding rounds.

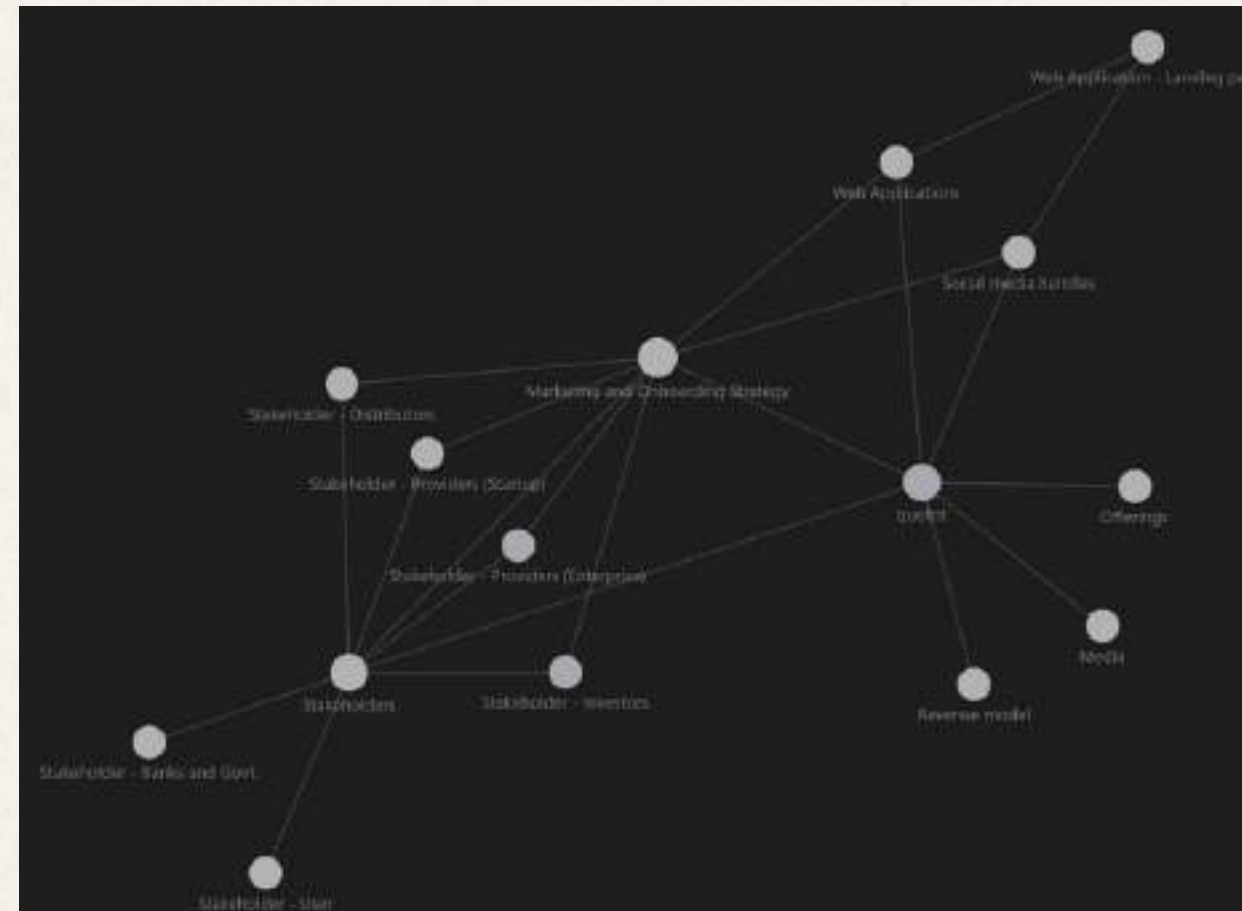

Strategic Decision - Stakeholder Ecosystem, mapping each stakeholder with a defined persona, unique value proposition (UVP), and aligned revenue stream.

Stakeholders	User Persona			Value Propositon	Revenue	
	MUST HAVE	GOOD TO HAVE	OPTIONAL			
Startup User	1. Use the perks and discounts. 2. Invitation to the mega event(Every year)/competition involving all the stakeholders at one place.	1. Seek visibility through events like GITEX, GISEC, and media features. 2. Increase business and sales through GTM and sales lead generation. 3. Looking for expert advice, mentorship, and knowledge sessions. 4. Want to connect with distributors and channel partners. 5. Inviite only networking event.	1. Need setup and process support for launching in UAE and free zones. 2. Explore banks and financing opportunities. 3. Invite only pitch sessions with investors. 4. List for pilot projects(Enterprise providers listing) and new innovations.	1. Community and network of vetted startup founders. 2. Exclusive perks and discounts on tools, services, travel, wellness. 3. Learning, mentorship, and growth support. 4. Visibility and recognition through curated events and media. 5. Participate in the mega event/competition. Networking opportunities	1. Commision perks and discounts. 2. Membership fee. 3. Distributor commision.	1. GTM and sales lead generation service. 2. Events and media features. 3. Setup and advising service fee. 4. Mentoring and consultation fees.
Providers (Startup)	1. Offer their SaaS or B2B products to founders at scale/ discounts or samplings. 2. Seek early adopters, feedback loops, and beta testers. 3. Invitation for the mega event.	1. Want to build brand awareness and credibility. 2. GTM strategy and lead generation. 3. Visibilty through events like GISEC and GITEX and media features. 4. Inviite only networking event.		1. Direct access to a targeted base of high-intent startup customers. 2. Visibility through listing, events, and workshops. 3. Opportunities for direct feedback and product adoption from your ideal early-stage users. 4. Community-led word-of-mouth marketing. 5. Mega event. 6. Featuring as the best startup product or service on the platform.	1. Commision fee - A percentage of sales generated through platform (via unique tracking codes for discounts). 2. Platform listing fee. (Long term). 3. AD space and sponsored placement. Featuring on the best services on platform.	1. GTM and lead generation services. 2. Event and media features.
Providers (Enterprises)	1. Want to showcase their tools, credits, and corporate offers to startups. 2. Offer discounts and perks.	1. Explore startup partnerships and integrations. 2. Inviite only networking event.	1. Run innovation programs and pilot projects.	1. Deep engagement via workshops, events, and content. 2. Brand perception as a startup-enabler. 3. Onboarding startups to switch to their services. 4. Mega event participation.	1. Commision fee - A percentage of sales generated through platform (via unique tracking codes for discounts). 2. Sponsorship ADs (Long term). 3. Event sponsorships.	
Investors		1. Inviite only networking event.		1. Curated access to active startup members. 2. Updates on startup traction, activity, and readiness. 3. Investing in the best of the best pitches and startups in the mega event.	1. Success/ Finders fee on successful funding rounds for introductions made directly through your platform. 2. Event sponsorship for the mega event.	
Government & Ecosystem	1. Attract startups to free zones, and accelerators. 2. Provide incentives, grants, schemes and funding opportunities through banks.	1. Opportunity to invest in startups and expand regional portfolio. 2. Inviite only networking event.		1. Visibility and PR through founder events and the mega event. 2. Platform to promote zones and startup programs. 3. Expand company portfolio and invest in sustainable and emerging startups.	1. Event sponsorship. 2. Finding fee if invested in a starup discovered through the platform.	
Distributors	1. Seek new startups with disruptive products for resale. 2. Get startups onboarded and look for early relationship-building with emerging brands.	1. Inviite only networking event.		1. Opportunity to distribute high-potential products. 2. Lead generation and pipeline-building.	1. Commision fee - Revenue share on each deal closed through platform. 2. Event sponsorship. 3. Platform fee (Long term).	

GTM & Growth Services: Mind mapping, project planning, and workflow optimization

Tool Used – Obsidian

Obsidian enables effortless **cross-navigation** from stakeholder insights to feature design to monetization logic. It gives every team member a clear view of the **complete system design**, making the project easy to **understand, update, and navigate** within their respective modules. This also ensures smooth handovers and creates a **seamless bridge between strategy and execution**.

Marketing and Onboarding Strategy
