- **MBA (Marketing)** | IMT Ghaziabad, India | **82.1%** | 2024 - 2026
 - **B.Tech Industrial Engineering** | VJTI, Mumbai | **8.35 GPA** | 2018 - 2022
-

CORE SKILLS

Product & Strategy: Product Strategy | Product Development | GTM Strategy | Product Analytics | Market Research | Pricing & Monetization | Commercial Strategy | Deal Structuring

AI & Technical: GenAI | LangGraph | RAG | MCP | Python | SQL | Power BI | Microsoft Excel | Prompt Engineering

Execution & Leadership: Agile | Project Management | Cross-functional Leadership | Executive Stakeholder Management

WORK EXPERIENCE

Intellect Design Arena | (CCO Office) – Commercial Strategy & AI Commercialization | May 2026 – Present

- Designed the commercial architecture for Intellect's Purple Fabric Enterprise AI platform, creating the 4-model USHO framework (Usage, Subscription, Hybrid, Outcome) to structure pricing across AI use cases, applications and deployment models based on customer value, consumption and risk.
 - Built the underlying AI unit-economics and pricing calculators, mapping 13+ technical cost drivers across AI applications and use cases into 5 business inputs for commercial teams, enabling standardized cost estimation, margin-aware pricing and scalable GTM; the framework is now being used by Intellect for AI commercial structuring.
 - Partnered with Product, Sales, Pre-Sales, Delivery and senior leadership to structure enterprise opportunities exceeding USD 10M, translating customer requirements into commercially viable offerings, pricing strategies and scalable go-to-market approaches.
 - Developed ROI models, business value assessments and value realization frameworks to support executive decision-making, commercial evaluations and customer investment cases, while applying domain expertise across Core Banking, Lending, Treasury, Trade Finance and Digital Banking.
-

MAVIP Group | Strategy and Product Management Intern | May 2025 – September 2025

- Led complete development of quotnt – The Founders' Quotient, defining product strategy, multi-stakeholder GTM, UI/UX, platform architecture and launch requirements; collaborated with developers and designers to deliver a launch-ready MVP in 6 months.
 - Directed end-to-end delivery of 5 large-scale tech events (Oracle × Mindware, Redington, GISEC outreach, GII × Eureka), managing 20+ stakeholders, vendor contracts, and budgets >\$100K, ensuring on-time execution and 95%+ satisfaction from partners
-

Meta Labs Technology Pvt. Ltd | Product Manager | June 2022 – May 2024

- Owned complete product development from concept to MVP, scaling the team from 4 to 15 members (275%) and improving development efficiency by 80% through Agile methodologies.
 - Executed growth and go-to-market strategies across US and Dubai markets, growing the community to 10.5K Twitter followers and 2.5K+ Discord members within 4 weeks.
 - Managed the end-to-end product lifecycle for 3 applications with 5+ SDK integrations, while leading mobile development, wireframing and website UI/UX to improve product usability and customer experience.
 - Built and automated operational workflows and product processes, including an NFT metadata generation system that processed 7,000+ digital assets using Excel, Python and SQL.
-

PROJECTS

Deep Agent & Content Intelligence Platform (Personal Project)

- Architecting a LangGraph-based multi-agent research platform that autonomously scopes research, plans workflows, conducts deep research, synthesizes insights and generates citation-backed reports using LLMs, RAG and MCP.
 - Designing the system around structured research workflows, source validation, memory, semantic search and evidence synthesis to improve research quality, traceability and reuse of knowledge.
 - Building a modular architecture with reusable agent workflows, evaluation pipelines and future integrations for analytics, SEO optimization and autonomous multi-step reasoning.
-

CERTIFICATIONS AND KEY ACHIEVEMENTS

- **Certifications:** Applied Data Science Lab (WorldQuant University) | Lean Six Sigma Green Belt (Grant Thornton)
- **Achievements:** Top 10% – IMT Ghaziabad | Best Paper Award – Adani International Infrastructure Management | University Captain – Athletics & Kho-Kho
